No. 142.

W. O. KING MURDER TRIAL COMMENCED

Jury Was Sworn in Before Mr. Justice Scott in Supreme Court

PROSECUTION OUTLINED

Messrs. Nolan and Cogswell Act for Crown and H. H. Robertson for Prisoner

The trial of Wm. Oscar King on the charge of murdering Joseph Hindahl was commenced in the Supreme Court this morning before Mr. Justice Scott. The courtroom was crowded and King's excited great interest in the proceedings. A jury consisting of the following was duly sworn in: A. McLean, S. Ottowell, James Day, W. F. Hawkins, Wm. Johnson and T. Hutchins.

Mr. Nolan and Mr. Cogswell were acting for the Crown and Mr. H. H. Robertson for the defendant. Mr. Cogswell for the prosecution, opened the trial by addressing the jury and describing the story of the charge in a general way.

Hindahl, he said, came to this country in 1906 and took up a homestead near Ponoka. In the fall of 1906 he left the homestead and went to live with King, who was at that time living with a woman who is now Mrs. Purkes. On March 9, 1907, King and Hindahl left for the latter's homestead, King's intention being to locate a homestead for himself in the country adjacent.

Next day, March 10th, the two men with their outfit of sleigh, team, etc., were seen by several people near Mile. The trail was new and was not much frequented, therefore, particular notice was taken of them. Shortly afterwards the outfit came back with only one man and the next day people passing along the trail observed bloodstains on the snow, also a fur cap lying by the side of the road. On some afternoon the outfit drove into a very stable at Leduc and the owner went to the Waldorf Hotel under the name of Smith. Several days after the outfit appeared at Clover Bar and told Mrs. Purkes that Hindahl had come to sleep on the trail and had been frozen in his sleep. Some time afterwards, King went to the States to sell some property which really belonged to Hindahl.

While in custody King sent for Detective Sergeant Nicholson and told him that he would show him the spot where the body was buried, and of course told a story of how some other man had done the deed. Shortly afterwards he made a statement by saying that he could show the police another body, and while he was pretending to lead them he broke away from his guardians and was not captured for some time.

Scan Borg on the stand was shown a photograph by Mr. Nolan, which he recognized as Hindahl and which he said was given him some time ago by Hindahl himself. He then was told to describe the team and sleigh which belonged to Hindahl, which he did. Mr. Nolan then showed the witness a watch and chain and asked him if he had ever seen them before. Witness said they belonged to Hindahl and he had seen them in his possession. Witness also pointed out some scratches on the back of the watch which he said had been made with a dining needle by his wife. The fur cap, which had been found on the trail, was also shown to witness, who said that Hindahl had a cap similar to it.

Questioned as to what kind of a man Hindahl was, the witness said he was about 45 years old, five feet, three inches in height, weighed about 150 pounds and had rather a coarse voice. He was a sober, respectable man.

On the subject of writing to Hindahl Mr. Robertson in cross-examination, asked, if he knew that he was going to Edmonton, why he wrote to Penitence, Minnesota. Witness denied at first that he knew he was going to Edmonton, but afterwards admitted that his wife had been told and had passed it on to him; although at first he said he did not know. Witness met Hindahl in 1901 and had seen the

DEFEATED MAD MULLAH

Five Hundred of his Followers Reported to Have Been Slain

Aden, June 6.—It is rumored here that friendly tribes in Somaliland defeated the Mad Mullah, Mohammed Bui Abdullah, and killed 500 of his followers. The Mullah has been on the war path since last March.

BIG FIRE IN MONTREAL

Montreal, June 6.—A fire on Saturday night did \$200,000 damage to a building on Notre Dame street, in which J. E. Fournier's trunk and bag factory is located. Several firemen were slightly injured.

RAILWAY PLAYS ITS TRUMP CARD

Holds Up Improvements to Influence Government on Freight Rate Question

New York, June 6.—W. C. Brown, president of New York Central Railroad, issued statement confirming the report that the New York Central had cancelled orders for freight cars costing \$2,000,000 and that in addition instructions requesting orders for freight cars totalling in cost \$4,000,000 had been withdrawn. He added that expenditures for improvement amounting approximately to \$3,000,000 had been held up pending settlement of the freight-rate question.

IMMIGRANTS COME IN LARGE NUMBERS

One Hundred and Thirty-Eight Registered at Immigration Hall Last Week

An unusual number of immigrants arrived in the city during the last week 1910 registering at the immigration hall. The majority of them are a superior class and they embrace all nationalities. They have considerable capital amongst them and will probably prove splendid citizens. There is quite a colony of colored people at the hall and these again are of an unusually good class. Their attire is worthy of mention, each and every one showing originality in that regard. As an example one large negro boasts of all the colors of the rainbow, and can be reasonably likened unto Jacob's goat—ringed, striped and speckled.

CHANNEL IS OPEN.

Soo, Mich., June 6.—The West Neebish channel was declared open Sunday afternoon.

HE WILL FLY TWO HUNDRED MILES

Aviator Plans to Make a Flight From New York to Philadelphia

HE WILL NOT ALIGHT

Will Carry a Message From New York Times to the Philadelphia Ledger

New York, June 6.—C. K. Hamilton will attempt to fly from New York to Philadelphia and return probably next Saturday. The announcement of this is made by the New York Times in a statement which says in part: "The New York Times and Philadelphia Public Ledger have arranged with Charles K. Hamilton to make a flight from New York to Philadelphia and back again, bearing a message from the Times to the Public Ledger and a message from the Public Ledger to the Times in return. The flight will take place probably Saturday next. Mr. Hamilton hopes to make the trip to Philadelphia without alighting until he reaches the end of his journey. The distance comprising the proposed flight will be about 100 miles each way, 200 miles in all."

Music for Everybody
A sweet tone organ, only \$200; organs, beauties, at \$35 up to \$500. Must be cleared out for new stock arriving. Terms as low as \$1 weekly. Geo. H. Suckling, Harmonica Hall, Piano Vendors, 237-239 Rice St.

YOUNG MAN KILLED AT CARROTT CREEK

Roy J. Yeager of Wainwright Was Struck by a G. T. P. Train

SITTING ON THE TRESTLE

It Is Believed That He Must Have Fallen Asleep—Body Brought Here

At three o'clock yesterday morning a special train left for Wainwright carrying the remains of Roy J. Yeager, a young man twenty-one years of age who was killed by being struck by a locomotive near Carrott Creek last Friday afternoon.

As far as can be learned, the unfortunate young man had walked out on the trestle that runs across the creek, and when he had reached the centre he sat down on the edge and started to fish. Apparently he sat there in the sun for some little time and then fell asleep, falling partly over on the track.

Soon afterwards a train approached from the west. There is a curve about a quarter of a mile from the trestle, and it was not until the engine rounded this that the engineer was able to see the track ahead. The train was running at a good rate, and it was not until the engine was only a few hundred yards from the sleeping man that the engineer caught sight of him. Then the whistle was blown and the brakes applied, but it was too late. The young man did not hear the train approaching, and he was struck by the engine and almost instantly killed.

The body was brought in to Edmonton on the train, and taken to Andrews Brothers undertaking parlor. Here word was later received that Yeager had relatives at Wainwright, and after the body was prepared and placed in a casket, it was taken by special train to Wainwright yesterday morning.

FORT FRANCIS IS NOT SATISFIED

Says Recent Order of Ontario Government Spells Industrial Ruin for the Town

Fort Frances, June 6.—Citizens of Fort Frances and district, irrespective of party affiliations, are indignant as the result of the action of the Whitney government in passing an order-in-council consenting to the export of six thousand horse-power from Fort Frances to the United States, the exporters being the Ontario and Minnesota Power Co. It is feared that the action of the government at Toronto sounds the death knell of Fort Frances as far as industrial development is concerned and vigorous action on the part of the citizens is being taken to have the order of the Ontario cabinet nullified.

ROBT. BRYDON DEAD, HURT IN RUNAWAY

Teamster Who Had Both Legs Broken in Accident on Jasper Avenue Succumbs

Robert Brydon, the teamster in the employ of the McEneaney Lumber Company, who had both his legs broken in a runaway on Monday morning, May 23rd, died at the General Hospital this morning from blood poisoning, resulting from his injuries.

There will be no inquest. Mr. Brydon's team was frightened by an automobile which swerved right in front of the horses, near the corner of Jasper avenue and third street. The horses dashed down Jasper avenue, finally colliding with a trolley pole opposite the Sanderson Block. Mr. Brydon was thrown off and dashed against the curb.

So far the owner of the automobile which caused the accident has not been located.

The victim is unmarried. He lived at 30 Stewart street.

O. HENRY IS DEAD.

New York, June 6.—Wm. Sidney Porter, best known under the pen name "O. Henry," as the writer of brilliant short stories, died here yesterday.

THIS MAN DOESN'T LIKE KING GEORGE

So After Living in United States Thirty-Seven Years Is Naturalized

Chicago, June 6.—"I took the oath of allegiance to Queen Victoria before I left England and I liked King Edward after she died, I don't like the new king," said Frederick W. Tate, 1338 South Rockwell street, in presenting his reasons yesterday to Chief Justice Olsen for not being willing to serve as a juror in the municipal court. Tate told Judge Olsen that he had lived in this country for 37 years.

"Then why have you not taken out naturalization papers?" asked the judge. "I like the United States all right," replied Tate. "I think I will take out my papers now."

PREMIER SIFTON IS STILL SILENT

Announcement of the Date of the Bye-Election Not Made Today

POLICY NOT OUTLINED

"Nothing Doing" Is Still the Word Around the Prime Minister's Office

"Nothing doing" was the word down at the Parliament Buildings this morning. As yet Premier Sifton has made no announcement as to the dates of the coming bye-elections, had nothing to say as to any policy and has given no inkling as to what will be done in regard to the Alberta and Great Waterways Railway contract.

It was expected that the date of the bye-elections would be announced this morning, but such was not the case. However, it was known that the necessary documents for the elections have already been prepared and are now only awaiting the signatures of the proper officials. The notices of the elections are also ready and waiting to be mailed.

Although there has been some talk of others of the insurgents following Mr. Kiley's example and resigning, the feeling in political circles is that there is not much likelihood of this happening. A great many of the insurgents are insurgents no longer, as they have promised their support to the new government, and those insurgents who are still opposed to the government are unfortunately situated in constituencies where their chance of re-election, if they resigned, is rather slim. So that it is not likely that other members of the legislature will follow Mr. Kiley's example.

SCHOOL LANDS SOLD.

Weyburn, Sask., June 6.—The big real estate sale of school lands took place Saturday when a total of 233 parcels were disposed of. These parcels comprised 36,812 acres in all, and the total proceeds of the sale were \$96,321.34, or an average price of \$16.25 per acre.

WILL W. L. WALSH GO ON THE BENCH?

Calgary Albertan Forecasts the Changes Following Chief Justice Sifton's Retirement

The Calgary Albertan says: The cabinet appointments made two changes necessary in the bench. In the Supreme Court it is believed that Mr. Justice Scott will make chief justice. It is reported that the vacancy created will be filled by Mr. W. L. Walsh, K.C. of Calgary.

Mr. Walsh is a Conservative in politics, but it seems that the Ontario government is not drawing the party line in the appointment of judges very strictly.

It is also said that Mr. Carson of the W. B. McCreary and Carson will be appointed deputy attorney-general.

To fill the vacancy created by the resignation of Mr. Mitchell, Judge Winter was probably to be removed from Lethbridge to Calgary and a southern lawyer appointed to the vacancy there.

POPE OFFENDS THE GERMANS

Encyclical Recently Issued from the Vatican Is Called an Insult

ALL PARTIES AROUSED

Conservatives Suggest That the Government Abolish the Legislation to the Vatican

Berlin, June 6.—The encyclical recently issued by the Pope on the occasion of the third centenary of the canonization of St. Charles Borromeo, is attracting much attention in Germany. Newspapers of all shades of opinions are carrying on a lively discussion of the subject and Conservatives and National Liberals have introduced interpellations with reference to the encyclical in the diet; which are expected to lead to warm debates. In this encyclical the Pope, in extolling Borromeo as the champion of Catholicism against the Protestant Reformation, said that he established at the time of the Council of Trent that the principles of Catholicism had been determined by Martin Luther. The conservative interpellation asks the government what it proposes to do to meet "such insults to the evangelical church" and suggests that the legislation to the Vatican be abolished.

BRITISH HOUSE MEETS THIS WEEK

Special Autumn Session Will Probably Be Held to Discuss Lords' Veto

London, June 6.—Despite desultory rumors of a compromise conference, the confident expectation now is that there will be an autumn session to deal with the Lords' veto question, and that an election will probably be held in January.

Next necessary business session commences on Wednesday and will comprise the budget, revision of the C. of I. list, regency bill, modification of the King's accession declaration and census bill.

The Weather

Forecast—Manitoba: Fine and warmer today and Tuesday. Saskatchewan: Fair and warmer, local thunderstorms on Tuesday. Alberta: Today and Tuesday, generally fair and warm, but a few showers.

The weather throughout Manitoba has been showery, but elsewhere in the Prairie Provinces it has been mostly fair with higher temperatures in Alberta than at other places.

STOOD UP IN BOAT, BOY WAS DROWNED

Fifteen Year Old Lad Lost His Life Near River Park, Winnipeg

Winnipeg, June 6.—A drowning fatality occurred at River Park on Saturday. The victim was Stanley Conder, fifteen years old, the son of Mr. and Mrs. Harry Conder, 407 Chalmers street, Elmwood. The boy went to River Park Saturday afternoon with two companions, Harry Richardson, whose home is on Vandenberg avenue, and Jack Smith, of 278 Johnson avenue. The three decided to go on the river for a row. Stanley took a boat to himself and his companions shared another. They had not rowed far from the boat house, being about the centre of the river, when Stanley was seen to rise in the boat, as if to change his oars. He lost his balance and fell into the water. The boy was an excellent swimmer for one of his age but could not swim.

WINNEPEG BUILDINGS.

Winnipeg, Man., June 6.—Building permits in Winnipeg reached the \$2,000 mark on Saturday, when a permit was taken out for \$2,000.00 for the interior work on the big union station for the G.T.P. and the C.N.R.

SIR DANIEL IS BACK.

Lieutenant-Governor of Manitoba Returns from Extended Trip. Winnipeg, June 6.—Sir Daniel H. McMillan, Lieutenant-Governor of Manitoba, arrived in the city last night.

AGED AUTHOR DEAD.

New York, June 6.—Stephen Van Rensselaer Ford, author, editor, composer and critic, and a member of one of the oldest families in the central part of this state, died yesterday at his home here, aged 74 years.

TWO FIREMEN LOST LIVES DURING FIRE

Over a Score of Men Were Overcome by the Smoke and Fumes

New York, June 6.—Two firemen were killed and more than a score overcome by the stifling fumes in fighting a stubborn warehouse fire near the Hudson River front today.

Two of the firemen overcome were caught in a back draught on the fourth floor of the building. Two men who managed to avoid the worst of the burst of flames and dense smoke screamed from the window for help. Ladders were raised and unconscious men carried down. Fireman Cotte died after having been carried from an upper floor where he had lain unconscious for more than an hour in a pool of water.

BROKE WALKING RECORD.

London, June 6.—Payne yesterday won a twelve-hour walking race here covering 72 miles, 30 yards and breaking the world's amateur record by more than three minutes. On September 12, 1903, T. F. Hammond, the English walker, covered 100 miles in 18 hours, 4 minutes, 10 1/2 seconds. He covered 68 miles, 335 yards in the first twelve hours of that event and this has stood as a record until today.

PANAMA HATS SEIZED.

New York, June 6.—The Federal government will make Panama hats more costly to the purchaser. According to an announcement at the custom house, the campaign against importers of Panama hats will probably result in the seizure, within a short time, of a vast number of the costly head pieces.

LUMBER MILLS BURNED

Halifax, June 6.—The mills of the Anthony Lumber Co. of South Main street were destroyed by fire Saturday. The loss will be \$90,000, on which the insurance is about half that amount.

BIG STAMPEDE IS ON AT IDITAROD

First Party of Three Hundred Prospectors Has Reached the New Camp

SOME ARE PESSIMISTIC

Old Gold Seekers Say That New Field Will Not Pay Very Well

Iditarod City, Alaska (via Kalgaz, Alaska), June 6.—Three hundred prospectors, the first party of stampedeers to reach the new Iditarod gold fields, have arrived from Fairbanks after a three weeks' trip down the Yukon river. All say that the stampede will be the greatest since the famous rush to the Klondike thirteen years ago, but many old-time gold seekers are pessimistic about the prospects for getting sudden wealth from the gravel along the banks of the river.

Estimates place the number of prospectors who will arrive during the early summer, at about 1,000. Many say that the summer camp will not support more than 1,000 miners as only even miles of pay dirt have been found and that none is extraordinary. It is believed that at least half of those in the main camp of Iditarod City will turn back to the Kuskoowik, where they expect to build a camp fifty miles across the divide.

At present Iditarod City consists of a few cabins. No wharf has been built and freight is dumped on the ground.

VARSITY MEN WHO MAY SMILE NOW

Lists of Successful Candidates in the Recent Examinations at University

SCHOLARSHIP WINNERS

In Arts They Were Misses McLaughlin and Fowler and George H. Holmes

The following are the results of the final examinations for the term just ended. The students are grouped by classes, the first class comprising those who have obtained eighty-five per cent, and over, the second class those who have obtained between sixty-five and eighty-five per cent, and the third class those who have obtained between fifty and sixty-five per cent. No student is passed in any subject who fails to secure fifty per cent.

English Composition—Class II, P. Young, K. Lavell, B. McLaughlin and W. Davidson (equal), Irene Keane, W. H. Scott, Class III, M. J. Miller and H. Nolan (equal), C. H. Holmes, J. Blackmore, W. H. D. Miller, D. Simpson, B. Brickman and C. Eason and L. Elliott (equal).

English Literature—Class II, McLaughlin, C. H. Holmes, Irene Keane, J. Blackmore and W. Davidson (equal), Class III, W. H. Scott, C. Eason, E. Fowler and D. Simpson (equal), B. Brickman, P. Young, Class III, M. Miller, J. G. Nidrie, N. Grant, K. Lavell and H. G. Nolan (equal).

English II—Class I, A. E. Ottewell, P. S. McCall, M. Bishop, L. Y. Cairns, Class II—M. E. Lloyd, E. Anderson, Class III—A. L. Carr, G. D. Misenner, E. Rodler, J. R. Drysdale, A. Johnston and G. A. Kettys, and R. J. Copley (equal), R. J. Waggett.

English III—Class I, R. H. Dobson, Class II, A. J. Law, Class III, W. Hyssop. Latin A, Authors—Class I, J. F. Montgomery, Class II, M. Bishop and J. Blackmore (equal), Irene Keane, Class III, N. Grant, R. C. Hargrave, H. Nolan, A. Johnston, R. Forté.

Latin Prose—Class I, J. F. Montgomery, Class II, J. Blackmore, M. Bishop, Class III, M. Grant, R. C. Hargrave, R. Forté, H. Nolan, J. Keane.

Latin I, Authors—Class I, C. F. Holmes, B. McLaughlin, Class II, E. Fowler and W. H. Scott (equal), M. Miller, B. Brickman and J. G. White (equal), W. Davidson, K. Lavell, E. Anderson, Class III, J. G. Nidrie, W. Hyssop, E. Rodler, G. D. Misenner and P. Young (equal), A. Wilson, W. H. D. Miller, C. Kettys, C. Beck.

Prose—Class I, C. H. Holmes, B. McLaughlin, Class II, M. Miller, J. G. Nidrie, W. H. Scott, E. Fowler, Class III, B. Brickman, P. Young, C. Beck, J. G. White, W. Davidson, A. Wilson, C. D. Misenner, E. Anderson and G. Kettys (equal).

Latin II, Authors—Class I, A. E. Ottewell, E. T. Mitchell, Class II, L. Y. Cairns, J. K. Drysdale, F. S. McCall, Class III, V. Blayney, M. E. Lloyd, R. H. Dobson, R. J. Copley.

Prose—Class II, A. E. Ottewell, V. Blayney, E. T. Mitchell, Class III, L. Y. Cairns, M. E. Lloyd, F. S. McCall, R. H. Dobson, R. J. Copley.

Greek I—Class II, W. Davidson, E. T. Mitchell, J. G. Nidrie, Class III, G. Kettys, G. D. Misenner.

Greek II, Authors—Class I, A. E. Ottewell, Class II, A. L. Carr. Prose—Class II, A. E. Ottewell, Class III, A. L. Carr. French A—Class I, E. Fowler, C. H. Miller, Class II, Class III, N. Grant, G. Dunlop, H. Nolan.

French I—Class I, C. H. Holmes; class II, W. H. Scott; Class III, C. Beck, M. Miller, P. Young, I. Keane, C. Rutherford.

French II—Class II, L. Y. Cairns, V. Blayney, M. Lloyd, E. Rodler; Class III, R. G. Copley, J. G. White, A. Wilson, E. Anderson, W. Hyssop. German A—Class I, J. Blackmore; class II, C. Hargrave; class III, C. Rutherford, A. Olschick, C. Rutherford.

French III—Class I, L. Y. Cairns, V. Blayney, M. Lloyd, E. Rodler; Class II, R. G. Copley, J. G. White, A. Wilson, E. Anderson, W. Hyssop. German A—Class I, J. Blackmore; class II, C. Hargrave; class III, C. Rutherford, A. Olschick, C. Rutherford.

LYNCH IS STILL THE PRESIDENT

International Typographical Union Announces Results of Its Election of Officers

Indianapolis, Ind., June 6.—The official count in the election of the International Typographical Union was announced on Saturday at the headquarters of the organization as follows: For president, J. M. Lynch, Indianapolis, 22,000; Wm. Reilly, Dallas, Tex., 15,881; first vice president, M. A. Tracey, San Francisco, Cal., 20,424; C. H. Govan, New York, 16,352; secretary, J. W. Hay, Indianapolis, 23,163; R. C. Allcock, Denver, 13,609; delegates American Federation of Labor, Frank Morris, Chicago, Max S. Hayes, Cleveland, Hugh Stevenson, Toronto; trustees of the Printers' Home, Michael Powell, Ottawa, Ont.; W. H. McKee, New York, Thos. McCaffery, Colorado Springs, Colo.

FERNIE HOUSE BURNED.

Fernie, B.C., June 6.—An alarm of fire was turned in from the annex yesterday afternoon and the fire department responded, but the fire, which was in the house of Mr. H. Hamilton, had a good start before the alarm was turned in, and the contents and the building itself were partially destroyed.

EDWARD JENKINS DEAD.

London, June 6.—Edward Jenkins, agent-general for Canada from 1874 to 1876, is dead.

WANT MAINE RAISED

Havana, June 6.—Responding to a request made by the American navy department through Mr. Jackson, the American minister, President Gomez says Cuba willingly authorizes the raising of the wreck of the battleship Maine, and will give every assistance to the Americans in the work.

MADE NO CRITICISM.

Ottawa, June 6.—On a charge of burning the house belonging to Mr. G. B. Read of Aylwin May 15th last, together with a quantity of furniture belonging to Mr. Chas. Cavanaugh, Mr. E. A. Carr, a wealthy land owner of Aylwin, and Silas Cornish, who was employed as hired man, were brought into Hull on Saturday evening and appeared before Judge Goyette, who remanded them for preliminary investigation.

WEALTHY LAND OWNER ARRAIGNED IN COURT AT HULL, QUE.

Ottawa, June 6.—On a charge of burning the house belonging to Mr. G. B. Read of Aylwin May 15th last, together with a quantity of furniture belonging to Mr. Chas. Cavanaugh, Mr. E. A. Carr, a wealthy land owner of Aylwin, and Silas Cornish, who was employed as hired man, were brought into Hull on Saturday evening and appeared before Judge Goyette, who remanded them for preliminary investigation.

Is Canadian Oratory Declining?

(Toronto Star, Weekly)

Public speaking in Ontario is supposed to be inferior to what it was thirty or forty years ago. There is a spice of injustice about this criticism, which may be accounted for on two grounds: First, we are prone to overrate the men of the older generation; and, secondly, the absence of great issues removes the inspiration to oratory. It is impossible to wax eloquent over drainage debentures or federal control over local railways.

The men of the past dealt with questions of prime consequence. George Brown's impassioned style rallied audiences because he usually selected important themes. Sir John Macdonald, in the strict sense, was not an orator, but an agreeable conversationalist, whose personality lent a charm to his utterances. He wagged his head, gave a roguish smile, and told a humorous story just at the right time. His disarming jest, he was tremendously in earnest. He waved his long arms, and expended a wealth of energy in illustration of his argument. "Small wonder that he snatched away the serious Scotch province from his voracious rival, and kept the Tory chief looking to Quebec for a majority during many a long year. Alexander Mackenzie, less impassioned, was logical, intellectual, and effective to a high degree. To hear him was a treat which many a farmer drove miles to enjoy. When the Liberal government was in office from 1874 to 1878, the speaking was on a high level. The "Panic Speeches" are contained in a small volume of great interest, and it would be hard to get up an equally entertaining book containing the orations of today.

Speeches were more carefully prepared in those days. One of those giants survives, Sir Richard Cartwright, and his polished invective and well-rounded periods betokened the thorough training and classical learning of Trinity College, Dublin. His picture of Sir John Macdonald as a highland chief, dominated by predatory instincts, and descended from ancestors who had stolen many a herd of black cattle was a triumph of political tact. Sir John Macdonald, during that period, was in the cold shades of Opposition, and seemed likely to remain there. He went about reviving his old popularity and pleasing his audiences with the arts which he so well knew how to employ. "This great and intelligent audience," he would say, "cannot be drawn together by interested motives. For I have nothing to give them; and certainly not to see my beauty, for it does not exist." His unique ugliness was a constant subject for his jests. E. B. Wood, known as "Big Thunder," from his loud voice and thunderous periods, would rouse an audience to such a pitch of excitement that fights would break out in various parts of the hall. Mr. Edward Blake, in and out of Parliament, was a master of lofty eloquence, and his presence was a true index of his character. After the Liberal defeat in 1898, Mr. Blake was for ten years easily the first orator in Canada, and he would have succeeded in the battle, had not commercial considerations, the argument of bread and butter, proved more potent at the polls. It is the commercial turn which our politics have taken that accounts for the decline in oratory; if there be such a decline.

In Provincial affairs, a school of oratory developed second in no respect to that in the national arena. Here, again, the size of the issue explains much. As the champion of Provincial rights, Mr. Mowat occupied a lofty position, and he pulled his party up with him. Not an orator what jerky, hesitating manner was redeemed by an exactness of phrase and a clearness of argument which held his audiences for hours together. The simplicity and transparent candor in exposition which he possessed gave him a hold upon Ontario that was never shaken off. No public man so perfectly represented the cautious, shrewd population of Ontario as he did. In times of excitement he was as cool on the platform as a block of ice. His chief colleague, Fraser, the Catholic leader, was a powerful speaker, who would have made his mark anywhere. Mr. Hardy, a stump orator of the E. B. Wood pattern, and therefore known as "Little Thunder" was scarcely less effective. Mr. Ross, whose prowess in debate is universally admitted, brought oratory in Ontario to the highest pitch, partly because he selected, as the true orator will, lofty themes, and avoided, as far as possible, the petty details of parish business. Against these giants in the eighties, there was pitted only one man of real eloquence, Mr. Meredith, whose manner and style were second to none, and whose speeches, never too long, gave no hint of tedious preparation, but were models of

polished eloquence. What lent point and emphasis to the speeches of these men were personality and character, for a smooth flow of words alone leaves no impression behind. It might be well for juvenile aspirants after fame to remember that the faculty of oratory means nothing if not backed up by earnestness, nobility of thought, and sturdy principle. There have been politicians who had a full equipment of phrases and practical tricks of style, and who flew across the sky like comets, but they soon disappeared, and left not a trace behind.

Outside of politics altogether, Ontario produced a distinguished array of eloquent men. The Methodist church has been especially productive of eloquent men to whom evangelical Christianity owes much. Owing to the itinerant system, the devoted sons of that church were known all over the country, and their eloquence cannot easily be measured. The vitality of the church today, and the wonderful success of Victoria College, are the fruits of what its early fathers accomplished. Did not believe poverty who tell you that pulpits are deserted. In the towns and villages today there are sermons being delivered which quite equal those of the older generation. A typical Presbyterian discourse was that of the Rev. Mr. Duffin, a strong attraction. The impressive service of the Anglican Church is supposed to dwarf the pulpit effectiveness of its clergy, but this, like many other hasty generalizations, is far from scientific. Bishop Baldwin, with his Irish vigor and intellectual grasp, was a born orator, and the same could be said of Bishop Selwyn, who had so many of the characteristics of the preaching friars who planted Christianity in these lands, and who strengthened it by the purity of their lives.

The best orators in days of yore were always those who remembered Shakespeare's advice not to fear a passion to tatter. Dr. McCarty had the measured manner of the English parliament, and if he had given up law for public life, would have continued the line of succession from Robert Baldwin to Sir John Thompson, with whom the intellect dominated sentiment, and who carried into party politics the flavor of reflection and the dignity of lofty tradition. Of all the orators who flourished in Canada during the last quarter of the nineteenth century, Lord Dufferin was facile princeps, and he was the ornament of every banquet or convention which he attended. His rich humor roused his audience to bursts of hilarious laughter, and even to read his speeches today is a positive enjoyment. Strange that no one has thought of republishing these brilliant orations. He was as much at home with an agricultural society as a University company, and he never failed to be interesting. His belief in Canada and his profound faith in her future have come true to the very letter. Lecky says somewhere that a fondness for rhetorical declamation is one of the chief dangers of democracy. If so, we should correct the evil by encouraging good oratory, and sternly repressing the bad. In other words, our universities should pay more attention to the training of the faculty of speech, and throw cold water on mere examinations.

*** FARM VS. RANCH**

A number of editorials written from a theoretical standpoint, claim that more cattle and better cattle can be raised by the farmers of the Western Provinces than have been bred by the ranchers. It is all very well, from the eastern view, say that thousands of farmers, each raising a few cattle, can supply the market better than a far lesser number of ranchers breeding individually on a more extensive scale, but what weight as to the time the soil refuses to respond so willingly to tillage and intensive farming is perforce undertaken, the rancher will have disappeared, and the people of the west will have become vegetarians. It is not at all a hard problem to solve though, as Alberta possesses a considerable area of land which is more adapted to ranching than farming and this will have to be reserved for the cattleman, unless we wish to pay thirty cents a pound for beef, as Pat Burns prophesies. There will be millions of acres outside of these tracts—Medicine Hat News.

FATHER VAUGHAN NOT AT DEATHBED

Further Details of Scenes at King Edward's Deathbed—Two Wills Made

London, June 6.—There has been a discussion in religious circles as to the attitude of King Edward on his death-bed towards religion.

It is learned from authority that so long as he was conscious the King would give no time to religious ministrations. When he realized that death was near he dictated messages to friends, and had a long talk with the Prince of Wales. Queen Alexandra, who has been ramored, was Father Vaughan, this, however, is not a fact. It is a fact that not a single prayer was offered in the King's room while he was conscious, the dying monarch using every conscious minute to settle his worldly affairs.

The King's will is never probated. The fortune he bequeathed pays no inheritance tax. It is stated that King Edward left two wills, one providing legacies for his widow and children, and establishing a trust. The second will directs how the capital and interest of the trust shall be disposed of. The trustees are not members of the Royal family.

SIX WERE DROWNED.

St. Petersburg, June 6.—The steamer "Wast," a pleasure craft, was swamped in the Gulf of Finland Saturday, six persons being drowned.

Say you saw it in the Capital.

Cook in Comfort

You no longer need wear yourself out with the weakening heat of an intensely hot kitchen. You can cook in comfort. Here is a stove that gives no outside heat. All its heat is concentrated at the burners. An intense blue flame (hotter than either white or red) is thrown upwards but not around. All the heat is utilized in cooking—none in outside heating.

New Perfection Oil Cook-stove

entirely removes the discomfort of cooking. Apply a match and immediately the stove is ready. Instantly an intense heat is projected upwards against the pot, pan, kettle or boiler, and yet there is no surrounding heat—no smell—no smoke.

Why? Because The New Perfection Oil Cook-Stove is scientifically and practically perfect. You cannot use too much wick—it is automatically controlled. You get the maximum heat—no smoke. The burner is simple. One wipe with a cloth cleans it—consequently there is no smell.

The New Perfection Oil Cook-Stove is wonderful for year-round use, but especially in summer. Its heat operates upward to pan, pot, or kettle, but not beyond or around. It is useless for heating a room.

It has a Cabinet Top with shelf for keeping plates and food hot. It has long turquoise-blue enamel chimneys. The nickel finish, with the bright blue of the chimneys, makes the stove ornamental and attractive. Made with 1, 2 and 3 burners; the 2 and 3-burner stoves can be had with or without Cabinet.

CHINESE BOYCOTT AMERICAN GOODS

Organizers Are Said to Be Men
Refused Admission to
United States

San Francisco, June 6.—Chinese of this city are still reticent concerning the reported organization of a general boycott against American goods. None of the powerful six companies of this city will discuss the matter, but it is learned that it had its origin in China and not here. The organizers are said to be well-to-do Chinese, who either have been refused admission or who have been sent back on attempting to re-enter the United States on previous residence.

Another source of complaint seems to be the rigid examination of Chinese entrants at this port. Wealthy local merchants on re-entrance after visits to China are said to have complained bitterly of those minute physical examinations, particularly the new "tissue test" to determine age and general condition of health.

The general opinion among those in

touch with the local Chinese business world is that the movement is primarily inspired to bring about the restoration to this city of the Chinese immigration detention depot, which recently was removed to Angel Island, and to effect an abatement of the physical examination which the Chinese claim to be both degrading and humiliating.

BRAKEMAN KILLED. His Train Was Stalled and He Did n't Flag Passenger.

Lafayette, Ind., June 6.—A passenger train, No. 4, known as the Chicago Mail, on the Mount Railroad, collided with a north-bound freight train near Lowell yesterday. Geo. Gallagher, brakeman of the freight train, was crushed to death. Several of the passengers on the passenger train were badly shaken up, but not injured. The wreck was caused by the failure of Brakeman Gallagher to flag the passenger train, the freight train having stalled on the hill.

The passenger train was running at a rate of sixty miles an hour when the collision occurred and the big locomotive plowed through the caboose and four loaded cars. Gallagher was asleep in the caboose.

KING ALFONSO AND HIS WIFE ARE ILL

Physicians Are Greatly Alarmed
—Conservatives Fear His Death
Would End Monarchy

Madrid, June 6.—Physicians of King Alfonso are alarmed over his condition and fear another operation for an affection of the tympanum of the ear inevitable and imminent.

The condition of Queen Victoria is also serious and court officials are no less alarmed for her than for the King. Worry over the latter is said to be responsible for the Queen's condition, following the recent birth of child, which died immediately.

Alfonso's visiting England greatly fatigued him and the Anarchist plot against him and King Emmanuel of Portugal, discovered while they were in England, materially added to his cares. The conservative elements in Spain are genuinely alarmed for the death of Alfonso might mean the end of monarchy in Spain.

MISS BENA WEST VISITS EDMONTON

Founder and Chief Executive Of-
ficer of the Ladies of the
Maccabees

Insurance for Women
Miss West Addressed Public
Meeting and Was Pre-
sented With Gold Brooch

Miss Bena M. West is a fair example of the capabilities of her sex, when she stands as a convincing argument against the oft repeated statement that women have not the essential qualifications which are essential to business men.

But who, and what is Miss Bena M. West?

Nothing would serve to answer the question better than a brief sketch of her career. Eighteen years ago, there lived in the city of Port Huron, Michigan, a young school teacher, of slender income, but the possessor of more than her share of intelligence. Life insurance was a pet hobby of this schoolmarm and out of this hobby there grew the Order of the Ladies of the Maccabees of the World, the organization and origin of which is now believed to be Miss Bena M. West. Miss West had noted with interest the progress of various kindred organizations which were in existence for the benefit of men and the idea suddenly came to her that life insurance for women would fill a long felt want. She studied with care the constitution and workings of these organizations and set to work, a kitchen table and chair for her headquarters, to found a society for women, and women only. The Order now has a membership of 153,000 in the United States and Canada. Miss West is known as the Supreme Record Keeper of the order and that office entails all the duties of a financier, she having the control of its immense funds.

Miss West, accompanied by her mother, has been paying Edmonton a visit during the last few days, being the guest of the local branch of the society.

On Saturday night a public meeting was held in the Separate School Hall at which Miss West gave a practical and interesting address on life insurance. His Worship Mayor Lee presided. At the conclusion of the meeting Miss West was presented with a beautiful gold brooch, bearing a suitable inscription, by the local branch of the order.

POLICEMAN KILLED WHILE ON DUTY

It Is Believed He Had Found
Couple of Burglars Red
Handed

Duquoin, Ill., June 6.—White, a policeman, was murdered early yesterday morning. His form, mutilated after a hand-to-hand struggle, was found in an alley in the rear of a grocery store, where a number of petty thefts have occurred during the last two weeks.

It is supposed that White encountered thieves in the act of burglarizing the store and was overpowered and killed. Two suspects have been arrested at the gas plant, to which place they were trailed by bloodhounds, but were released after establishing their innocence.

White had been a resident of Duquoin for many years, and formerly was a conductor on the St. Louis division of the Illinois Central.

HAVE AEROPLANES COMMERCIAL VALUE

Interesting Question Discussed
by Men Who Shared in
Their Development

THEIR OPINIONS DIFFER

"A Practical Invention," Says
Paulhan—"Yet to Be Demon-
strated," Says Curtiss

New York, June 6.—The New York World has obtained the opinions of the most famous aviators of Europe and America concerning the present status of aerial navigation, its probable development, and its actual significance as a twentieth century invention.

Hereafter is given, in brief, the views of those whose experiences best qualify them to speak on this interesting subject.

It is a practical invention and destined to be of great practical service to the world.—Louis Paulhan.

As it exists today it is not practical in the sense of having any commercial value.—Hubert Latman.

It should have a foremost place as a practical invention of benefit to mankind.—Emile Dabonnet.

I do not see that it has now any commercial value, or is likely to have in the immediate future.—Ernest Archdeacon.

The aeroplane has shown to the world that it is a practical invention.—Baron De Constant.

The aeroplane will be ready for passenger traffic whenever there is a demand for it.—Orville Wright.

As for real practical work, it is yet to be demonstrated what the aeroplane can do.—Glenn H. Curtiss.

I believe travel will be as safe in the air as it is with the auto on the land.—C. K. Hamilton.

BAR ASSOCIATION. ASSAULTS COURTS

Eminent Lawyers of United
States Declare Legal Sys-
tem out of Date

New York, June 1.—"The system under which the law is administered in this country is 100 years behind the age."

"The procedure in equity cases is a scandal to our jurisprudence."

"Many cases are decided not on their merits, but on purely technical questions."

"Not only has something got to be done about it, but something will be done about it."

These quotations are the sum and substance of a statement given out by a joint committee on reform in legal procedure of the National Bar association and the National Civic Federation at the conclusion of a conference held today in the Lawyers' Club at the invitation of former Judge Alton B. Parker.

"Ninety per cent. of the proverbial law's delays," says the statement, "are due to the system under which the law is administered rather than to the intention of the attorneys interested in delayed suits or the benefit resulting to either side from delays. As a matter of fact, it is to everybody's interest to have lawsuits quickly and cheaply disposed of."

EACH SPEECH WILL TAKE SEVERAL DAYS

Fisheries Case at the Hague Ex-
pected to Last Until the
End of July

The Hague, June 6.—The Anglo-American fisheries arbitration, to settle the long standing disputes between Canada and the United States regarding fishing in their respective territorial waters, will probably last until the end of July. The tribunal began work Monday. Four speeches are allowed on each side and each speech will probably consume a week. Sir Robert Finlay will open and Sir William Scott, attorney-general, will close the case for Great Britain, this being in accordance with the American practice of letting the senior counsel speak last. Between them, John S. Smart, K.C., will speak for Canada and Sir John Winter for Newfoundland respectively. For the United States, the following counsel will speak: George Turner, Chas. Warren, Samuel Elder and Senator Root, who will conclude.

METHODIST LAYMEN HAVE ORGANIZED

They Want Equal Representation
With Ministers on the Sta-
tioning Committee

ORDINATION SERVICES
The Sermon Was Preached by
Rev. Dr. W. J. Hunter of
Edmonton

Red Deer, June 6.—The Conference ordination sermon was preached yesterday morning by Rev. Dr. W. J. Hunter of Edmonton, his subject being the Evangel of Christ. The president, Rev. S. A. Aldridge, conducted the ordination service, assisted by the chairman of the district, Revs. W. H. Pike, W. Martin, O. E. Mann and H. G. Smith, were set apart for the work of the Methodist ministry.

At the Sunday school session Dr. Scott and the Rev. Dr. McDougall, of Calgary, gave addresses. Rev. Dr. Chown, superintendent of the Temperance and Moral Reform League of the Methodist church, preached in the evening, the Rev. R. G. Kirby conducting an evangelistic service.

At the theological union session, the Rev. Robt. Pearson gave an address on present day tendencies in theology. In his judgment the German theological professors classed as conservative were more advanced than the professors counted radical in this country. The metaphysical conception of Jesus was waning, and the Messianic and moral conceptions taking its place, even among the conservative critics.

The laymen's meeting on Saturday afternoon was organized with E. Michener, M.P.P., Red Deer, president, and A. B. Cushing, Edmonton, secretary. It will press for the eligibility of laymen for the office of president and secretary in the annual conferences, and for equal representation of laymen with ministers on the stationing committee.

GOVERNMENT WIRE IS GOING AHEAD

Telegram on Pacific Coast Gets
Lots of Business From
Prince Rupert

Ottawa, June 6.—Construction of the government telegraph line from Edmonton west into the Peace river country is proceeding again notwithstanding difficulties. Owing to the dry spring excessive forest fires were experienced between Athabasca and Slave river early in May. Severe heavy wind swept down much of the burned timber. The east end of Slave Lake was reached on June 1st. The government telegraph line on the Pacific coast is now finding its chief source of occupation and profit in the business originating at Prince Rupert.

KING VISITS CHAMBERLAIN.

London, June 6.—King George visited Joseph Chamberlain at his London residence Saturday. He remained more than an hour and took tea. Mr. Chamberlain was unable to meet the King at the door.

NEWFOUNDLAND PAYS TRIBUTE

To the Grand Work Dadd's Kidney
Pills are Doing

Fishermen Regard Them as a Boon
to Mankind—Mr. Frank Banfield
tells How They Cured His Back-
ache.

Garnish, Fortune Bay, Nfld., May 31.—(Special).—Among the fishermen here, who through exposure to wet and cold are subject to those pains and aches which come from diseased kidneys, Dadd's Kidney Pills are looked upon as a positive boon to mankind. They are never tired of telling how their Backaches and their Rheumatism vanish before the great Kidney remedy.

Among many others Mr. Frank Banfield, after years of suffering, has found relief in Dadd's Kidney Pills, and here is what he is telling his friends:—

"I find Dadd's Kidney Pills the best medicine for Backache I have ever used. I only used two boxes and they cured me of Backache I had had for five years. It started through a strain. My father's back also bothered him, and he got some relief from one pill I gave him. They were too precious to give him more. All persons suffering from Backache should use Dadd's Kidney Pills."

Why do Dadd's Kidney Pills cure Backache? Simply because Backache is Kidney ache, and Dadd's Kidney Pills positively cure all Kidney aches and ills. This has been proved in thousands of cases in your life. If you haven't used them yourself ask your neighbors.

On Saturday night a public meeting was held in the Separate School Hall at which Miss West gave a practical and interesting address on life insurance. His Worship Mayor Lee presided. THE WAY TO GET FULL VALUE

From Every Pail of Milk With Least Labor

YOU are not making all the money you could make out of the cows you keep unless you use an I H C Cream Harvester. You know how much butter fat you lose if you skim the old-fashioned way—from 20 per cent to 40 per cent—not to mention the time and labor wasted. Such methods are out of the question for the farmer with the 1910 spirit of progress. It is equally poor business to use a cheap, out-of-date or makeshift separator. Such machines are hard to clean, hard to turn, last but a short time, never give satisfaction, are never worth the price.

The money-making dairyman is the man who invests in a separator that will skim to a trace; that is simple enough to be kept perfectly sweet at all times, so he gets quality cream; one that turns easily—so that any member of the family may skim without effort; one that will do the work day in and day out, year after year. For such a separator choose one of the

I H C CREAM HARVESTERS

Be sure to investigate these machines before you consider buying any other make at any price. That is all we ask. You don't need to be an expert to see that the design and construction of an I H C is more simple and practical than any other. The only one with dust and milk-proof gearing; most perfect straining device insuring pure cream and skim milk; frame entirely protected from wear by bronze bushings at all points; has largest shafts, bushings and bearings; most economical oiling arrangement; flexible top bearing prevents vibration and keeps bowl steady, no matter if power is unevenly applied; many other features equally superior to all other separators.

I H C Cream Harvesters are made in two styles—the Bluebell, gear drive—the Dairymaid, chain drive. Four sizes in each style. No matter how few or how many cows you keep, we can meet your requirements. See the International Harvester Co. agent or write International Harvester Company of America at nearest branch house for catalogue and full information.

MAY FIGHT AGAIN

London, June 5.—Within a few days it is expected that Paddy McFarland, the Chicago light weight, and Freddie Welsh, the English champion, will be matched for another fight, following the unsatisfactory draw decision in their bout last Monday night. McFarland is anxious to fight again, but says that Tom Scott cannot referee another fight in which he takes part. Scott robbed McFarland in the opinion of a majority of the English sports, by calling Monday night's affair a draw, after the Chicago lad had a clear lead in fifteen of the twenty rounds.

JACK JOHNSON! MADE SPEECH

Gave Boxing Exhibition at Dreamland and Then Addressed Audience With Fluency

San Francisco, June 5.—The crowd enjoyed Jack Johnson's speech, following the boxing exhibition at Dreamland Rink last night. Though he was frequently interrupted by calls from the gallery, the majority of those present demanded fair treatment and the negro's talk was liberally applauded. "For the benefit of the gentlemen present," he began in his most impressive style, "may I offer a few remarks regarding the heavy-weight battle which will take place in San Francisco on the Fourth of July."

Here he paused, waiting patiently for the hooting in the gallery to subside. "And," he resumed, "for the benefit of the well educated gentlemen in the gallery, I do hope that when people from all parts of the world come here, they will see ('A Funeral' showed down a voice from upstairs) 'will see two men well trained,' continued Johnson, apparently unaffected, 'both in the best condition and fight in which the best man will win.' As has been the case in all his sparring work during his training here, Johnson showed to advantage in his bouts last night in his defensive tactics. When he took on Martin Cutler, he assumed the aggressive. Experts regarded his work as fast and generally satisfactory.

THOUGHT TOM WAS IT

After Jeff was elevated to the championship by defeating Corbett, he made a foreign tour, giving exhibitions. When he came back he met Tom Sharkey.

"Tom, I saw your old father in Ireland," said Jeffries. "After looking over he said he thought I could lick anybody in the world except you."

"And he was right, too," said Tom, with emphasis, notwithstanding the fact that Jeff had whipped him in the ring. "I tell you, Jeffries, I'm never beaten until I'm knocked so cold they plant me under the sod," Sharkey concluded.

EATON'S WINNIPEG MEET.

Winnipeg, June 6.—Five thousand people attended the opening of Eaton's new athletic park in the west end of the city. Wet grounds made fast time impossible, but there was keen competition in every event. The results were as follows:

100 yards—Ward, Jamieson, Anderson, 11 1-5.
Quarter mile—Blair, Logan, Derbyshire.
Five mile—Holme, Molosky, Keeper.
Hurdle race—Honeyman, Anderson, Blair.

WESTMINSTER WINS AGAIN.

New Westminster, B.C., June 5.—The Royal City lacrosse team outplayed Vancouver, rushing three goals into the latter's net in the first quarter without retaliation. The Vancouver defense was weakened by the absence of Pickering through a broken rib sustained in practice. At half time the Royals had netted half a dozen and Vancouver tallied twice. In the third quarter Westminster's speed and staying power showed to advantage, they netting another three, while their opponents secured only one other tally. The fourth quarter was the slowest and one each was netted, the Westminster winning 10 to 4. This is the second Westminster win of the three games played by the British Columbia championship. The weather was ideal and the attendance 4,000.

N.L.A. GAMES SATURDAY.

Toronto, June 4.—The National Lacrosse League games today resulted as follows:

At Montreal—Nationals 5, Tecumseh 2.
At Ottawa—Toronto 11, Capitals 3.
At Cornwall—Montreal 5, Cornwall 3.

TORONTO'S BEAT CAPS.

Ottawa, June 5.—Toronto opened the N.L.U. season in Lansdowne Park here yesterday when the Queen City team defeated the Capitals, getting glorious revenge for the licking they got last year, by trimming the re-organized Capital team 11 to 3 in a one-sided game. The Westerners proved far too speedy and tricky for the locals, leading at half time by 6 to 3 and winding up the last half with five goals, while they held the locals without scoring. Before the largest crowd that has ever witnessed a lacrosse match in Ottawa for many seasons. Joe Gorman, the latest recruit for the Ottawas, was one of the stars of the game.

CALLIES VS. SCONA.

The following players are requested to turn out for the Callies "A" against Strathcona: Wilson, McKenzie, Cowan, Johnstone, Disland, Tod, Christie, Wright, Findlay, Hutton, Davis, Small and McDonald. The players and supporters are requested to meet at the corner of McDougall and Jasper at 6:30 sharp.

The C. N. R. did themselves proud on Saturday afternoon. There were four nice roomy box cars for the dead heads. But, sad to relate, just when the game got down to the tenth inning, an engine removed three sections of the "stand."

THIS JOCKEY WAS KILLED

Little Fred Langan Met His Death at Gravesend Track—His First Year on Turf

Gravesend, June 5.—Little Fred Langan, jockey, met an untimely end in the sixth race at the Gravesend race track yesterday, when his mount fell in the home stretch and rolled over on him. The boy died instantly.

The race was for 2-year-olds, and thirteen horses were sent away by the starter. Coming into the stretch closely lunched, Warwick, with Butwell over, stumbled and fell, and Muff fell over Warwick. Immediately following was Langan on Stallwart Lad, and in a trice his mount had stumbled and the boy was catapulted over his head. Then Stallwart Lad topped over on Langan, killing him instantly.

The field ran well, lunched on the turn, and when the big crowd saw Warwick fall, a cry of dismay went up that was immediately followed by another when Muff and Stallwart Lad tumbled over him. Davis, who rode Muff, jumped at once, but Butwell lay until he was picked up and Langan never moved. Butwell had his nose broken, but Davis escaped injury. Langan was under contract to R. F. Carman, and ran with good success at the Jacksonville meeting last winter. He has only been with the thoroughbreds about a year.

KERR RAN DEAD HEAT.

Toronto, June 6.—At the Eaton sporting meet, Bobby Kerr, of Hamilton, ran a dead heat in the 100 yards with R. Cloughen in 10 1-5. The hundred yards open fell to P. Lukeman, Montreal, in 3 3-5 seconds. The mile was won by M. Sheppard, N. Y.; second, W. C. Paul, N. Y.; third, Jack Tai, Toronto, in 4:27 4-5. The winner had five yards and 25 yards lead over the second and third. The mile international relay, a great race, was won by N. Y., Little, Bacon, Walter, Gissing and Eagan, in 3:28 4-5. The Canadian team, composed of Lukeman, Watson, Sebert, and Halloun, from whom Eagan romped away in the last lap, winning by two yards, was second.

ENGLISH CRICKET.

London, June 6.—The cricket results on Saturday were: Yorkshire 200 and 200 for 8, Nottingham 126 and 317 for 6; Lancashire 202 and 461 for 9; Worcester 170 and 335 for 4.

WAT'S DE USE

"Do you s'pose you kin lick Jeffries, Chimney?"
"Wat's de use o' discussing dat, kid? Jeffries is retired from de ring after the Johnson go."

A WHIPPET VS. BOBBY KERR

A Race Is Suggested Between Canada's Greatest Sprinter and a Racing Dog

Whippet racing is having a great vogue in Toronto, and the marvelous speed displayed by the dogs has led to a comparison between them and the great sprinters, Kerr and Cloughen. The Telegram says:

"Is there any whippet racing dog in Canada able to give either Bobby Kerr or Cloughen 30 yards starts in 100 yards and win? J. P. Douglas, the Eaton meet secretary, and 'Tommy' Grimiths, the whippet racing judge, argued the question. The whippet racing official offered to find three racers able to do the remarkable feat. 'Why,' said Douglas, 'give Bobby Kerr 30 yards start in 100 yards. He'd be there and back again before your racer started.' 'That's all right,' replied the Canadian Whippet Racing Club official. 'I guess the speed dog would beat over the winning mark before Bobby Kerr. You don't know how fast those dogs can run. Supposing Kerr ran the two yards in 10 seconds flat. The whippet can run 200 yards in 13 seconds on a good track. Well, the runner does his 70 yards in 7 seconds. The whippet runs 100 yards in 6 1/2 seconds. I can't see it that way at all; guess the Kerr is backer. Well, I'll take either Oakley Gay Dora, Oakley Playway or Steady Girl, and wager dollars to dimes that any one of them can do it, came back Grimiths. 'I'll spare a dime we'll try it at your meet next Saturday.'"

If the C.N.A.U. and the Canadian Whippet Racing Club would sanction such a race it would be the race of a century. A fraction of a second would make a terrible difference to either one."

HOW THE LINGO STARTED

The confusion of tongues had just fallen on Babe.

"We are merely talking baseball," they explained.

"Thus we see that the tower was really the first grand stand—New York Sun."

Personal

Senator Talbot of Lacombe came in Saturday afternoon.

Senator Davis, of Prince Albert, Sask., is a guest at the Yale Hotel.

Mr. and Mrs. Robert Kenneth and Mrs. Robert Hamilton leave on Wednesday for a trip to the coast.

Mr. and Mrs. John W. Morris of Victoria, B.C., formerly of Edmonton, are spending a few days in the city.

The Marquis and Marchioness of Graham intend to come to Canada in July or August, and will take a trip through the West.

Mr. James Hargreaves, a well-known mining engineer of Lethbridge and Taber districts, is registered at the Alberta. He leaves for the West this week to inspect and report on a coal property.

L. M. Johnstone, who has been attending the Great Waterways investigation in the capacity of counsel for the commission, returned to Lethbridge from the North Thursday. He came from Calgary in a new auto he has purchased, and was accompanied by Norman Macleod—Lethbridge Herald.

AT THE EMPIRE

This afternoon's matinee at three o'clock will be the first performance of the new big circuit bills that the Empire has in store for its patrons. Whether or not these high class programmes, which are adding to the expense of the bill by almost two-thirds, are continued is a matter of conjecture, but it is hoped that Edmonton theatre goers will turn out and lend their support to such attractions, as unless this is the case it is the intention of the Empire circuit to discontinue vaudeville altogether.

The headliners are the four Bard Brothers, gymnasts that begin where their nearest competitors leave off. They were the topplers on the opening bill at the beautiful new Miles Theatre in Detroit and created a sensation by their amazing acrobatic offering.

The Elsa Sannella Trio of eccentric acrobatic dancers are a European importation and prove themselves topnotchers in their own line. Leonard and Ward, two Hebrew comedians, work in an original vein entirely and were a big hit in Calgary last week.

"Terry's Return," presented by Dick Thompson and Company, is a beautiful little Irish playlet, the first by the way that has visited the Empire. Both Mr. Thompson and Miss Winton are possessed of fine voices, and Miss Winton certainly makes a charming Irish colleen.

Harry Mack and Company are fun purveyors with a new line of humor and some cracking good songs.

Edith Wall has a catchy illustrated song entitled "Airy Fairy Castle Land," and the Empire has a new theme in the motion picture subject, "The Highlander's Defence."

MR. GEO. H. SUCKLING
Concert Direction
has the pleasure of definitely announcing the date of Wednesday, October Fifth for the Divina.

MELBA,
and her superb company of vocalists at the Thistle Kirk. Choice of reserved seats can be secured in order of names on subscription list at Harmony Hall, 237-239 Rice Street. Sole agents, Western Depot for Nordheimer, Steinway and Lansdowne pianos.

EXHIBITION PARK ABOUT COMPLETED

Swings Have Been Erected and Sand Heaps Prepared for the Children

Secretary Harrison, of the exhibition association stated this morning that the exhibition park is now practically completed and that if the electric railway ran the full distance, could be used as a recreational resort. The grading of the athletic fields is now being proceeded with, ten teams being at work in that connection. The swings have been erected and also the sand heaps prepared for the children.

The site for the grand stand will be laid out tomorrow by the city engineer and construction will be proceeded with at once, the contract having been let to Goldsmith & Co.

The foundations of the various stock buildings have also been built.

WOMAN DIED WHILE PICKING FLOWERS

Wife of Judge Barron of Stratford Died When in Garden With Visitor

Stratford, Ont., June 4.—Mrs. Barron, wife of county Judge John Barron, died of a sudden yesterday. While stooping to pick flowers for a visitor walking with her in the garden, she was seized with a fainting spell and died shortly after without regaining consciousness. Beside the judge, two daughters, and one son survive her; Miss Ruby, who is at present on the Pacific coast, Miss Alice at home, and Master John, a cadet on S. S. Canada at Halifax, are the children.

POSTCARD ON WAY TWENTY-TWO YEARS

It Was Posted in February, 1888, and Was Delivered in May, 1910

St. Catharines, Ont., June 6.—It took the St. Catharines post office just a little more than twenty-two years and three months to deliver a postcard addressed to John H. Broderick, the well-known fruit-grower of this city.

On February 18th, 1888, the Erie Preserving Company sent postcards to various fruit growers announcing that they were making contracts for the "present season"—1888. One of the cards was sent to Mr. Broderick. Unfortunately it slipped into some crevice in the post office. On Tuesday, while the boxes were being removed to make way for new ones, the card was found. It was of the old style, and was brown with gold. A clerk stamped it, and put it into Mr. Broderick's box.

Thus, it is stamped February 18th, 1888, and May 31st, 1910, and Mr. Broderick considers it quite a curiosity.

DUMPING GROUND CHANGED.

Since the question of dumping refuse at the nuisance ground was brought up in the council, there has been a change made in the location of the dumping ground. Orders have been issued from the Health Department that no more refuse or dry refuse is to be dumped on the broken ground south of Grierson street. The entrance to this ground is off the east end, opposite Kinsington avenue.

What Is Home Without a Piano

You can buy at Harmony Hall, 237-239 Rice street, choice of beautiful pianos by Weber, Chickering, Handman, from \$185 up. These are the world's best makers and will bring acceptances low as \$2 weekly. Geo. H. Suckling, Piano Warehouses.

The Day in Strathcona

Angus Currie of Stony Plain spent the week end in the city.

The annual meeting of the cemetery company will be held in H. F. Sandeman's office today at 1 o'clock.

Mr. McGill conducted the regular services in the Baptist Church yesterday.

The first midnight express arrived from the south this morning. It made good time and arrived on time. There were about 75 passengers on board.

Mr. G. T. Mode, who spent Saturday in the city, returned to Wetaskiwin yesterday afternoon.

A. Buckham of the firm of Buckham & MacDonald, left for a short trip to Innisfail, where he will attend the wedding of his cousin.

The Ladies' Aid of the Methodist Church will hold a meeting on Tuesday at 2:30 at the home of Mrs. J. C. Crawford on Second avenue, north.

The city assessor has announced that after June 30th, 5 per cent. more will be added to all arrears in taxes. This makes 10 per cent. on all arrears as per cent. was added on January 1st.

In the Metropolitan Methodist Church Mr. Randal of Alberta College preached in the morning and Rev. Mr. Miller, D.D., in the evening, the pastor being absent at conference in Red Deer.

In the Knox Presbyterian Church yesterday Rev. J. E. Dacles of Erie Church, Norwood, conducted the morning service and Rev. E. A. Corbett in the evening. Rev. J. M. Miller being absent at the synod meeting in Halifax.

Wm. Yule & Co. will appear in Stratford Opera House on Friday, June 10th, in several one-act plays. Mr. Yule has long been a favorite with Strathcona audiences. He played Touchstone in "As You Like It," which appeared here last fall.

The new uniforms of the University club have arrived and are very attractive. They are made from the University colors and old gold. The body of the suit is dark green with gold lettering and gold belts. They present a very fine appearance. The team will wear these suits for the game at Leduc today.

A baseball team from the teams in the city league has been chosen to play the Leduc club in Leduc this evening. The following will be the team: Clarke, p.; Blayney, c.; Toombs, 1b.; Reid, 2b.; Morris, 3b.; Parsons, c.f.; Dobson, s.s.; Forsythe, r.f.; Hay, l.f.; umpire, C. Scott. They will go to Leduc on the afternoon train and come back on the late train.

A bad accident occurred on Saturday. Mrs. Scribner was driving to town with a spirited team when in front of Wainwright's the horses took fright. It would seem that one of the traces had got loose and had fallen, frightening the team. They ran up to Whyte avenue and overturned the buggy in front of Douglas' store. Mrs. Scribner was thrown out and received a nasty cut on the head. The one horse caught its foot on the car track and broken a small bone in the leg.

TOO LATE TO CLASSIFY

TO WHOM IT MAY CONCERN—

This is to certify that we lost a horse insured with the British American Live Stock Association, Limited, of Vancouver, B.C., for \$250 and have this date received, through Mr. Stewart Walker, their local representative, at 374 Jasper Ave. E., their cheque in full settlement thereof. Dated at Edmonton, Alta., this 7th day of May, 1910.—Edmonton Live Stock Co., per R. Simpson, Mgr.

FOR SALE—NEW FOUR-ROOM cottage in Norwood, on York Street, on concrete basement and foundation; \$250 cash handles this, balance as rent. Apply S. S. Walker & Co., 374 Jasper East Phone 1236.

SHACKLETON GOING TO HUNT MINERALS

Is Very Enthusiastic Over Canada's Future After Trip Through the West

Winnipeg, June 6.—Sir Ernest Shackleton, the famous English Antarctic explorer, accompanied by Lady Shackleton, reached the city Saturday from Vancouver. Since the explorer left Winnipeg last week he has lectured in Brandon, Regina, Calgary, Edmonton and Vancouver, and at each of these places he has had a most gratifying reception.

"What has impressed you more than anything else as you have gone about the country?" asked the interviewer.

"Well, what has struck me most has been the note of justifiable optimism that seems to permeate everybody, and I may say it is well established and well founded."

"Do you believe in Canada's future?"

"Undoubtedly. And not only in its future, but its immediate future. The greatness Canada will attain for itself is not a great way off. It is only just beginning, but the results will be surprising. I have seen this throughout the country."

"Is there any truth in the rumor that you are about to settle down in Canada?"

"I don't know about settling down. I am not a settler down—and, the great explorer smiled, and asked, 'Now, am I?'"

"No, no settling down yet awhile. I intend to work in Canada, that is, I am going to go over ground that is yet unknown, especially on the side of minerals."

W. O. KING MURDER TRIAL COMMENCED

(Continued From Page One)

watch and chain that were produced in court in his possession then. The last time he saw Hindahl he was standing in the door of his shack and he was about 80 yards away. Mr. Robertson produced the evidence of the preliminary trial, in which witness said he was wearing the watch and chain when he saw him last. Mr. Robertson then wanted to know how he could see a watchchain on a man 80 yards away.

VARSITY MEN WHO MAY SMILE NOW

(Continued From Page One)

Rutherford, equal; H. Nolan and D. Simpson and P. Young, equal; class III, W. H. D. Miller; N. Grant and M. Miller, equal; A. L. Elliott; B. Allen and C. Beck and W. Davidson and J. G. Nidrie, equal.

Topography—Class I, E. Fowler, Class II, B. McLaughlin, B. Brickman, Class III, N. Grant and B. Allen (equal), P. Young, J. G. Nidrie, M. Miller, K. Lavell, W. H. Scott, W. Davidson.

Scholarships.
The following students have been awarded the scholarships offered in the first year to the students securing the highest standing in the two terms. In Arts, in order of merit:—
Blanche MacLaughlin, Elizabeth Fowler, Geo. H. Holmes.
In Science—
Milton Brown.
These scholarships are of the value of \$50 each and are to be paid to the student at the beginning of the second year of their course.

ANGLICANS TALK OF CHURCH UNION

Representatives of the English Church Address the Presbyterian General Assembly

WESTERN QUESTIONS UP

Student Ministers Will Have the Right to Sit in the General Assembly in Future

Halifax, June 5.—At the official welcome to the delegates attending the Presbyterian General Assembly given by Mayor Chisholm yesterday morning, Bishop Worrell and Archdeacon Armitage, both of the Church of England, were present and gave addresses. Both made striking references to the growing desire throughout the Dominion for a union of the great religious bodies. Bishop Worrell stated that there were various elements in the work of the Presbyterian church that were looked upon with great admiration by the Church of England, and that the only thing that kept the various denominations separated was a difference in interpretation of terms, and he trusted that in the course of a few years there would be realized the hope of all sane Christian people, a universal brotherhood in Jesus Christ.

Minister Evangelists.

The church has in its service in the West a number of workers known as minister evangelists. All of these men are graduates of Manitoba College, where they have taken courses of instruction which are shorter than the regular course. The condition of their ordination has been that they should serve for four years on the mission field before being eligible to a call to a self-sustaining church. A year ago a committee was named by the assembly to determine certain points regarding the status of these men and this morning Rev. Mr. Campbell reported for the committee. The point at issue was whether these men should in future have seats in the Presbytery, and the committee reported that graduates in this course in the future should not have the right.

Report Rejected.

Dr. Campbell submitted the report and instantly a score of the Western representatives arose to champion the cause of the minister evangelists. Rev. Dr. Bryce, of Winnipeg, called attention to the far-reaching consequences of the order and spoke of the very important work which these home missionaries were doing on the frontier. Rev. Dr. Baird, of Winnipeg, stated that the original arrangement of the assembly provided that they should have a vote in Presbytery. Rev. Mr. Carmichael, superintendent of the synod of the home mission presbytery, could scarcely be carried forward if the minister evangelists were not given a seat, and replied to Dr. Campbell, who had stated to the assembly that all the superintendents were in favor of the report of the committee. Rev. W. T. Reid, superintendent for Alberta, took the same ground. Rev. W. G. Evans of Red Deer, stated that he would record his dissent from the motion proposed by the committee. Rev. Dr. Campbell closed the debate on the question and the report of the committee was rejected by the assembly almost unanimously.

WHAT ENGLISH LABORITES WANT

May Day in London was the occasion of a labor demonstration in Hyde Park which was more imposing than usual. About 800 persons marched from the Embankment with bands and banners, and some 2,000 children were brought in by the Socialists Sunday School union. Messrs. Her-
